

COMPLETE CABLING EQUIPMENT (PTY) LTD

CCE2 CABLE DRUM JACK

Screw jacks are simple to use and the lowest cost to companies. Screw type jacks manufactured by CCE feature large stable bases, tough structural steel frames and large capacity cast iron shaft cups. The CCE2 is a sturdy jack suitable for the toughest of site conditions.

The CCE2 is generally available ex stock as well as the recommended shaft. Should no stock be on hand a lead time of 5-7 working days will be applicable subject to quantities and prior sales. Jacks are only sold as pairs and only CCE jacks will be accepted for repairs. No components will be sold as loose components.

Our range of cable drum jacks have been load tested on numerous occasions. Should you require test certificates please indicate so at the time of order placing as it does affect possible lead times.
